RISING STARS

All Star Rising Star (Show) Cheer Teams are designed as an introductory, non-competitive option for athletes who want to experience All Star Cheer without the pressure of full competition. These teams focus on skill development, performance, and teamwork, providing a structured and fun environment for athletes to build confidence.

Key Features of Rising Star Cheer Teams:

- **Performance-Based:** Teams perform routines at exhibitions, showcases, and select events but do not compete for scores or placements.
- **Full Cheer Experience:** Athletes learn stunting, tumbling, jumps, motions, and dance in a routine similar to competitive All Star Cheer.
- **Lower Commitment Level:** Requires less time and financial commitment than competitive Novice, Prep, or Elite teams.
- **Ideal for Beginners:** A great option for younger athletes or those new to cheer who want to gain experience before moving into competitive levels.

Show teams help athletes build fundamental skills, confidence, and a love for cheer in a positive and supportive environment while preparing them for future progression in All Star Cheer.

☀ Rising Star Program – Tumbling Focus ☀

We are placing a strong emphasis on tumbling in our Rising Star Program! Tumbling will be a key component of this program and will be directed by our owner, Dawn Murphy.

Our goal is to ensure that introductory teams develop proper tumbling fundamentals from the start. Building strong technique early on will set athletes up for long-term success as they progress in cheerleading.

We are excited to provide high-quality tumbling instruction to help our Rising Star athletes grow and advance in their skills!

While the time commitment for Rising Stars is less than our Competitive Program, we still expect a strong dedication of time and effort from our athletes.

Weekly practices are essential, and competitions and events are mandatory. Participation in this program requires a full-year commitment, and all team members will be under contract.

IMPORTANT POLICIES AND INFORMATION

HAVING CLEAR POLICIES ENSURES STRUCTURE, CONSISTENCY, AND FAIRNESS, HELPING THE PROGRAM RUN SMOOTHLY WHILE SETTING EXPECTATIONS FOR ATHLETES, PARENTS, AND COACHES. THEY PREVENT MISUNDERSTANDINGS, PROMOTE ACCOUNTABILITY, AND CREATE A POSITIVE, PROFESSIONAL ENVIRONMENT WHERE ATHLETES CAN FOCUS, GROW, AND SUCCEED.

CHEER ATTENDANCE & COMMITMENT POLICY

Cheerleading requires a significant financial and time commitment, and every athlete's attendance is essential to the team's success. When an athlete is absent, it affects the entire team's progress.

Attendance Guidelines

- **Summer:** Athletes are allowed six absences.
- **After Summer:** Athletes are allowed six absences for the remainder of the season.
- Exceeding this limit will result in removal from the team; however, the athlete will still be under contract.
- All absences, whether excused or unexcused, will count toward the total absence count, regardless of the reason.

Exceptions

The following will NOT count as an absence:

- School Cheer events
- Death in the family (A funeral program must be provided)

If an athlete is sick they must attend practice to at least watch.

Practice & Scheduling Expectations

We will try to schedule practices around conflicts, but this may not always align with other activities.

- Practice cannot be missed for another sport or activity, including extra practices. (Except for School Cheer)
- **MANDATORY** extra practices may be scheduled on weekends 1-2 weeks prior to a competition.
- No absences will be allowed within two weeks of a competition, including extra practices. If an athlete misses within 2 weeks of a Competition or Showoff, they may be replaced for the event.
- We reserve the right to adjust an athlete's position or formation as needed.

Your commitment and dedication to the team are what make us strong! Thank you for prioritizing attendance and teamwork.

PRACTICE WEAR COMPLIANCE FEE

All athletes are required to wear the designated practice attire and cheer shoes for every practice, as stated in our information packet and contract.

Wearing the correct attire is essential for safety, team cohesion, and performance. Proper practice gear ensures athletes can train effectively, reduces the risk of injury, and allows coaches to provide the best instruction possible.

To ensure compliance with this policy, a \$10 fee will be applied to your account each time an athlete arrives at practice without the required attire or shoes. This fee is intended to reinforce the importance of following team guidelines and maintaining consistency across our program.

Having athletes sit out or taking time to condition for incorrect practice wear will only take away time that could be spent on routines. We do not feel this would be in the best interest of our teams.

We appreciate your cooperation in keeping our athletes prepared and our team standards high.

CHOREOGRAPHY OBLIGATION

In All-Star Cheer, choreography refers to the strategic arrangement of skills, motions, stunts, tumbling, pyramids, and dance set to music to create a high-energy, synchronized routine.

Choreography includes:

- ✓ Stunt sequences – Coordinated group lifts and tosses
- ✓ Tumbling passes – Individual and synchronized tumbling skills
- ✓ Pyramid formations – Group stunts built for visual impact
- ✓ Transitions & formations – Smooth movement and positioning changes
- ✓ Dance & performance elements – Sharp, expressive motions set to music

A well-choreographed routine maximizes difficulty, execution, creativity, and entertainment value, all of which contribute to a team's score in competition.

Choreography Camp for All-Star Cheer is an intensive training session where athletes learn and perfect their competition routine under the guidance of professional choreographers or coaches. This camp is essential for building a highly synchronized, dynamic, and visually impressive routine for the upcoming season.

What Happens at Choreography Camp?

- Routine Breakdown – Athletes learn the full competition routine, including stunts, tumbling, pyramids, transitions, and dance.
- Skill Execution – Focus on perfecting timing, technique, and synchronization to ensure a polished performance.
- Formations & Transitions – Athletes are placed in specific positions to maximize visual impact and score potential.
- Performance & Energy Training – Emphasis on sharp motions, facial expressions, and confidence to bring the routine to life.
- Conditioning & Endurance – Building the stamina needed to execute the routine full-out for competition.

Why is Choreography Camp Important?

- Sets the foundation for the season's success (A STARTING POINT for Competition routine)
- Helps athletes understand their roles in the routine
- Provides time to clean and perfect details early on
- Builds team chemistry and performance confidence

Choreography Camp is MANDATORY for all team members, as it plays a crucial role in preparing for a strong, competitive season!

If Missing Choreography Camp for an unavoidable situation:

Option A: There will be a \$300 fee to cover the cost of a coach stepping in to learn their spot and later teaching them their routine.

Option B: The missing athlete would also have the option of finding a fill in with the same tumbling & stunting abilities.

Missing may effect the athletes position on the mat as flyer or base.

Tentative Choreography Camp Dates:

Novice, Elite Prep, & Elite: June 1st-16th

Rising: Late August

Possible additional Choreo Clean Up: September-November on a weekend.

D2 GYM

- Our Elite Program is limited to 125 athletes or fewer. Rising, Novice and Prep athletes do not count toward this number.
- If we exceed 125 Elite athletes, our program would be classified as D1, requiring us to compete against major gyms such as Cheer Athletics, Spirit of Texas, and others.
- Many D1 gyms in Texas have 300+ athletes trying out for their programs, with Cheer Athletics alone housing around 1,000 athletes across multiple locations worldwide.
- We do have plans to transition to D1 in the future, but only when we are fully prepared as a program to take that step.

EVALUATIONS

WE WILL HAVE EVALUATIONS TO DETERMINE THE LEVEL/TEAM YOUR CHILD WILL BE PLACED ON. ALL ATHLETES MUST ATTEND ONE OF THE EVALUATION DAYS. ALL EVALUATIONS WILL BE CLOSED TO PARENTS AND SPECTATORS TO ENSURE ATHLETES CAN REMAIN FULLY FOCUSED.

RISING STARS EVALUATIONS

Each athlete will be placed on a team based on their age, ability, and experience. All children who sign up will make a team, provided they have the attention span and desire to participate.

Evaluation Process

Athletes will be assessed to determine the best team placement. Evaluations will focus on:

- ✓ Tumbling skills
- ✓ Jumps
- ✓ Motions
- ✓ Ability to follow instructions
- ✓ Overall attitude & willingness to learn

NOVICE EVALUATIONS

At evaluations, Novice Athletes will be assessed on the difficulty and technique of their tumbling, motions, and jumps. All evaluations will be skills tracked and available through iClass Pro.

Tumbling level (1, 2 and 3)

- 1 Standing pass will be evaluated and 1 Running tumbling pass will be evaluated
 - Tumbling skills are not required but preferred
 - Difficulty levels range from: Level appropriate (1), advanced (2) and Elite (3)
 - Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

 - High v's, low v's etc.
 - Technique will range from: 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

Jumps

- Toe Touch, Pike and Hurdler
- Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

ELITE/ELITE PREP EVALUATIONS

For elite and elite prep evaluations athletes will be evaluated on multiple categories of cheerleading such as Tumbling difficulty and technique, Jump technique and Dance technique.

If you are being evaluated for an elite level, there is a chance you could be placed on an elite prep team.

If you want the choice of only being placed on an elite prep team that is an option and you will not be placed on an elite team.

Tumbling level (1, 2 and 3)

- 2 Standing passes will be evaluated and 1 Running tumbling pass will be evaluated
 - Difficulty levels range from 1-3 stars: Level appropriate (1), advanced (2) and Elite (3)
 - Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

Jumps

- Jump combination (hurdler and toe touch any hurdler of your choice) and a single pike jump
- Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

 - Ages 2012 and before must learn the Elite dance
 - Technique will range from 1 to 3 Stars: (1) Below Expectations (2) Meets Expectations (3) Exceeds Expectations

FLYER EVALUATIONS

- Flyer Evaluations are only for Elite Prep and Elite Teams Youth age and Up (Birth Year 2018 and older)
- If you want your athlete to have the chance of being evaluated as a flyer they must attend the flyer evaluation after their chosen evaluation time.
- They will be evaluated only on flexibility if they are a current flyer. If they did not fly this past season, they will be evaluated on flexibility and they may or may not be evaluated on basic stunts.
- If your athlete is evaluated as a flyer, it does not guarantee them a flying position on a team.
- If being evaluated as a flyer, make sure to let us know on your eval sheet.
- Flyer evals will be 30 min after evals

TEAM PLACEMENT

Each child will be placed on a team based on their age, ability, and experience. If an athlete does not meet the required guidelines, they will have the option to join a tumbling class.

Placement Criteria

- Teams are determined by age group and skill level.
- To remain on a team, athletes must meet the level and commitment requirements for the entire season.
- Athletes may be moved to a different team or program if they:
 - Do not maintain the required skill level
 - Have excessive absences

Examples of Placement Adjustments

- A child will not be placed on a Level 2 team if they do not meet a wide range of Level 2 requirements in tumbling, stunts, jumps, and choreography.
- If an athlete loses their Level 2 skills for an extended period due to multiple reasons, they may be moved to a team or level that better supports their athletic development.

Placement decisions are made to ensure each athlete is in an environment that fosters their growth, success, and overall team performance.

Program Placement Disclaimer

Trying out for a specific program does not guarantee placement in that program. Athletes trying out for Elite teams may be placed on Elite Prep teams if the coaches and directors determine it is the best fit for both the athlete and the team.

Placement decisions are made based on skill level, commitment, and overall team needs to ensure every athlete is in the most appropriate and supportive environment for their growth and success.

TEAM PLACEMENT

There are many contributing factors that go into team placements. Below are the most important factors, as well as a breakdown of these factors. None are more important than the other, each are important in their own way. We make teams based off of the athletes and skills we have and where we can be the most successful.

- Age (make sure you are looking at birth year)
- Tumbling
- Team size of each team (small or medium team) (number of flyers, bases and back-spots needed for that team size)
- Experience in basing/backspotting or flying
- Which athlete is the best fit for each team's success
- Staying inside our D2 numbers of 125 athletes

Note: If your athlete is eligible to be on a junior/senior team that doesn't always mean they will be on a junior/senior team. They may not be ready to base, backspot, or fly at the junior/senior age. Also, some kids are forced to be on a junior or senior team, due to age restrictions.

TEAM PLACEMENT

2. TUMBLING SKILLS

STANDING/RUNNING TUMBLING

Scoring system has yet to be released for the 2025-2026 season.

Go to <https://www.unitedscoringpartners.com/> for updates.
Make sure to click on “Level Appropriate Documents”

3. TEAM SIZE

Team sizes are based off the stunt/tumbling quantity chart.

Note: Teams can't have a team full of flyers, bases or back spots. Each team must have the required pieces to make strong stunt groups.

To make a full stunt group it takes two bases, a flyer, & a backspot

Scoring system has yet to be released for the 2025-2026 season.

Go to <https://www.unitedscoringpartners.com/> for updates.
Make sure to click on “Master Score Sheets”

4. EXPERIENCE

- How long they have been cheering.
- How long they have been basing/backspotting or flying.
- Can they do multiple sections in a routine.
- If they don't have all the required tumbling, are they experienced in basing, flying or backspotting

ADDITIONAL NOTES ON TEAM PLACEMENT

- Each team is put together to be set up for success. It's about putting the best puzzle pieces together. Athletes are not guaranteed to move up in level or age group, and sometimes can move down if it's better for their future development.
- Our program needs to follow the guidelines of a d2 program. Athletes can be placed on an elite prep if we feel that will suit their success better.
- The only difference between elite prep team and elite team is the routine is shorter, they compete one day and no baskets. Prep teams are just as competitive as elite teams.
- The stunting and tumbling skills allowed in level 1-3 are all the same whether they are prep or elite.
- The stunting and tumbling skills allowed in level 1-6 are all the same whether they are (tiny, mini, youth, junior or senior)

TexStar ALL STAR CHEER Contract
Rules & Regulations 2025-2026
Contract will need to be signed online with Information Packet.

1. Athletes are required to commit to the full year of Competitive Cheer. Quitting or being removed from your team for any reason will require full payment of remaining tuition and fees. If financial agreement is not met, you will be required to return your uniform to TexStar, and the remainder of the balance will be sent to collections. Season will be June-May. If your child becomes injured during your 12-month contract, and you have a doctors note stating your child will be unable to participate for the remainder of the season, you may be released from contract (upon owners discretion), but you will forfeit all funds that have been paid already to TexStar. If your child is injured, but not required to be out for the remainder of the season, they will still need to attend practices and tuition/fees will be due.
2. Athletes/Guardians are responsible for all fees, tuition, uniform costs, and any other financial obligations listed in the All- Star try out packet through the end of the season. If any mandatory fees are not paid on time (excluding tuition and annual registration), they will be drafted from your account with a 3% card fee. If the payment is declined, there will be a \$25 late fee added to your account. If an outstanding balance equal to or greater than two months' tuition remains unpaid on August 1st, November 1st, or March 1st, your child will be removed from their team, but you will still be financially obligated through May 2026.
3. Athletes are required to attend all show-offs and competitions scheduled before and during the season. If your team is awarded a bid in season, we will be attending, thus, you will be required to attend/participate even if it is not on the schedule at the beginning of the season. (The Summit, Worlds, US Finals, end of season show off, Summit send off, etc...) There will be an awards banquet at the end of the season and tickets will be \$25-\$35 per person. Tickets for all Showoffs/Showcases will be \$20-\$35 per person.
4. All team fundraising for bid qualifying competitions will be split between team and coaches. All end of season competitions will have a \$75-\$120 coaches fee for each child to pay coaches' travel.
5. Athletes are allowed 6 absences during the summer and 6 absences fall-spring. After 6 absences, you will be removed from the team, but will still be in contract for the remainder of the season. If any of the absences are due to sports, that is automatic grounds for removal. The 2 weeks prior to all competitions will have mandatory extra practices.No absences will be allowed within two weeks of a competition, including extra practices. If an athlete misses within 2 weeks of a Competition or Showoff, they may be replaced for the event. We reserve the right to adjust an athlete's position or formation as needed.
6. Athletes and guardians will be expected to present themselves in a positive manner to all things related to TexStar. This includes your team, coaches, staff, parents/guardians, and all other affiliates throughout the season. Failure to do so gives us the power to remove an athlete from their team if we feel that is best for the team and tuition will still be due through the end of the season.
7. Athletes and parents must arrive at all show offs, performances, and competitions on time. Athletes must arrive in full hair and make- up along with the correct uniform. Athletes must also be in full hair, make-up, and uniform when receiving awards throughout the season.
8. Athletes and/or parents are responsible for keeping up with schedules/updates via band app and email. Be sure to learn to use the band app as this is where all information will be posted. The Band app is for communication between directors/coaches and parents. It is not a place to vent or express concerns. This needs to be done in a private message to the coach or director.
9. Choreography and music taught at TexStar is property of TexStar. This material is never to be taught, used, posted, or shared throughout the season without permission from TexStar staff.
10. Athletes taking private lessons are required to make payment before the private starts. Cancellation must take place 24 hours in advance or else you will still be required to make payment to your coach for your lesson.
11. All Star members must set up automatic withdrawal for tuition and financial obligations. Tuition will be drafted the 28th of the prior month. If tuition has not been paid by the 5th of the month, there will be a \$35 late fee. If an account is overdue for more than 2 months, the child will be removed from their team and the entire amount for the season will be sent to collections. There will be a \$35 fee for returned checks.
12. Practice wear is a requirement. Please attend all practices dressed in your scheduled attire and cheer shoes. No jewelry. Hair must be pulled back. If athletes arrive wearing jewelry, they will be asked to remove it for safety reasons. TexStar is not responsible for lost or stolen items. Failure to wear the correct practice wear will result in an Incorrect Practice Wear Fee being charged each time the required attire is not worn. It is the athlete's responsibility to keep up with the practice wear schedule to avoid any fees.
13. Athlete/Guardians understand team practices/activities will be scheduled based on majority availability. We will not work around sibling schedules or other commitments.

19.
